salamandra

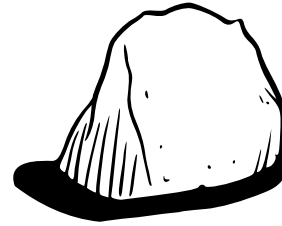

Un cuadro

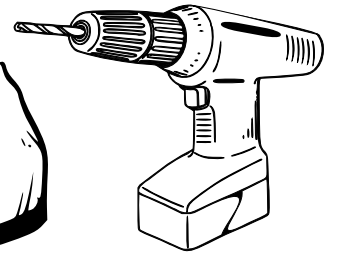

El dromedario

Un cilindro

Una piedra

El taladro

El dragón Pedro juega al ajedrez en sus ratos libres.

Cuando madruga y tiene dinero come almendras

y hojaldrimas, pero si no se conforma con un

mendrugo de pan que le da un druida que hace

mágia convirtiendo a la gente en cocodrilos, en

salamandras, dromedarios y hasta en duras

piedras y ladrillos.
